lug worm	Arenicola marina	*
barnacle	Semibalanus balanoides	
amphipod	Gammarus spp	*
edible crab	Cancer pagurus	
shore crab	Carcinus maenas	*
common winkle	Littorina littorea	
mud snail	Hydrobia ulvae	*
common mussel	Mytilus edulis	
cockle	Cerastoderma edule	
lagoon cockle	Cerastoderma glaucum	
clam	Mercenaria mercenaria	
carpet shell	Tapes decussatus	
slipper limpet	Crepidula fornicata	
Baltic tellin	Macoma balthica	
peppery furrow shell	Scrobicularia plana	
sand gaper	Mya arenaria	
common oyster	Ostrea edulis	
Adriatic mussel	Modiolus adriaticus	

* living specimen(s)

*

NB Very soft mud prevented surveying very low down shore despite low spring tide
Thick cover of sea lettuce (*U lactuca*) on middle shore

Recorder Philip Budd
